The Datsun truck line began with the Type 13 Truck of April 1934, and was later used as the basis of the Datsun DC-3 roadster. A series of small trucks based on their passenger car counterparts, the 14T, 15T, and 17T, continued to be built until early 1944. This was followed by the near identical post-war Datsun 1121 (1946) and 2124 (1947–1949).
