Conscience is a cognitive process that elicits emotion and rational associations based on an individual's moral philosophy or value system. Conscience stands in contrast to elicited emotion or thought due to associations based on immediate sensory perceptions and reflexive responses, as in sympathetic central nervous system responses. The Hollywood Reporter is your source for breaking news about Hollywood and entertainment, including movies, TV, reviews and industry blogs. The pop culture of this decade has been a product of both the Iraq War and the Great Recession. Escapism returned to the media spotlight, with superheroes, music, fantasy and new talents taking over the place of the sardonic comedies (i.e., *The Office (US)*), Reality TV shows and Police Procedurals that dominated the previous decade. Le phénomène le plus caractéristique des TIC est le brouillage des frontières entre télécommunications, informatique et audiovisuel/ multimédias.
